Statement of Material Misrepresentation,

To: SUZANNE PRIDDLE-LUCK, individually and in any other capacity, agents, trusts, assigns, affiliates, or entities, and all acting on the underwritten behalf. The undersigned (MARK LEPORE), SOLE SIGNATOR of MISSION IGNITION SYSTEMS LTD., respectfully submits this notice in relation to an open investigation concerning unregistered securities issued by ECI DEVELOPMENT / ECI DEVELOPMENTS, EXOTIC CAYE INTERNATIONAL, CAYE INTERNATIONAL BANK, CAYE BANK, GEORGETOWN TRUST, JOEL NAGEL, MIKE COBB, Joel Nagel, Mike Cobb, and its affiliated entities and hereby requests written clarification regarding the use of the underwritten in any form or association by providing all documentation in relation, or association with Mark Lepore, MARK LEPORE, or MISSION IGNITION SYSTEMS LTD., in regard to holdings, securities, assets, or otherwise acting on the underwritten behalf.

New evidence has emerged indicating that the securities in question were legitimized through reliance on a forged trust instrument, or other hidden element unknown to the underwritten. Allegations are that the signature was falsified under this offshore structure, trust, or other similar unknown financial, asset or investment vehicle, which was subsequently used to justify the legitimacy of asset holdings and investor relationships within CANADA.

The underwritten was unaware of the forged documentation and concealed investment vehicle until 9-29-2025. As such, the statutory limitation period is reset under the discovery rule and concealment provisions of the Limitations Act, 2002 and Criminal Code of CANADA.

The evidence, without citation or verification of the underlying trust documentation, or unknown financial, asset or investment vehicle, constitutes a breach of regulatory duty and a failure to uphold the standards of securities oversight in ONTARIO CANADA, ILLINOIS, and BELIZE, as well as breaches the following Legal and Obligatory Laws.

The underwritten submits that the Rule of Law has been inverted, into what was designed to protect citizens, and has been weaponized to conceal fraud, launder assets, and silence dissent. This is not governance—it is organized deception under the guise of legality. Legal & Regulatory Breach (includes affiliated parties) Reliance on the forged documentation, including trusts, violates the following principles:

National Instrument 45-106: Exempt Distributions require accurate disclosure of beneficial ownership and control. OSC Rule 11-501: Electronic Delivery of Documents mandates that all submitted materials be verifiable and authentic.

Duty of Inquiry: The Trust is obligated to provide material representation, especially where offshore structures are used to circumvent registration requirements.

Forgery – Criminal Code s.366: Every one commits forgery who makes a false document, knowing it to be false, with intent that it be acted on as genuine to the prejudice of any person.

Perjury: With intent to mislead s.131: makes before a person who is authorized by law to permit it to be made before him a false statement under oath or solemn affirmation, by affidavit, solemn declaration or deposition or orally, knowing the statement is false.

s.137: Every one who, with intent to mislead, fabricates anything with intent that it shall be used as evidence in a judicial proceeding, existing or proposed, by any means other than perjury or incitement to perjury is guilty of an indictable offense and liable to imprisonment for a term not exceeding fourteen years. Knowingly interfering with the administration of justice—by silence, omission, or misdirection.

Accessory After the Fact – Criminal Code s.23: individuals assisting a criminal avoid detection, arrest, or punishment after knowing the crime occurred, can, and will, be charged as an accessory. Including destroying evidence, withholding information, or refusing to cooperate. Especially relevant for lawyers, agents, or regulators who knowingly ignore crimes committed.

Counselling or Aiding an Offence s.22: Knowingly aware of a crime and encourages, solicits, or enables it—even passively—will be brought up on charges as a party to the offense. Includes failure to report when the person is in a position of authority or influence. Applies if they benefit from the crime, or help conceal it. "Counselling" of said crimes include procurement, incitement, or silent facilitation.

Civil Breach: Tort of Deceit & Breach of Fiduciary Duty based on outcome: Intentional misrepresentation causing harm Penalty: Monetary Damages, Injunctions, Rescission Public or Professional Duty to Report Lawyers, accountants, financial advisors, regulators have statutory obligations to report fraud or misconduct: Failure to report can trigger disciplinary action, civil liability, or loss of license under provincial laws (e.g., Ontario Securities Act), willful blindness is treated as complicity. The trust, or privately offshore structure, unknown financial, asset or investment vehicle in question was not formed under CANADA law, nor was it subject to proper residency or beneficial ownership verification. Its use to legitimize unregistered securities constitutes a cross-jurisdictional laundering of consent. Sovereign Evidence Statement The underwritten affirms possession of physical evidence confirming forgery, and group chats, withheld for sovereign and strategic reasons. The existence of such evidence renders associated parties in said trust or private structure not only negligent but potentially complicit in legitimizing unregistered securities through fraudulent offshore instruments.

The underwritten asserts that the Rule of Law has been systematically undermined through the use of opaque trust structures, forged documentation, and jurisdictional evasion. These mechanisms constitute a deliberate inversion of legal principles, transforming protective frameworks into tools of deception.
