About

Weapon X Inc. transforms waste plastics into high-quality products under their leadership, driving innovation in recycling and sustainability. With over four years as CEO, the company has focused on advancing operations management, manufacturing processes, and raw material optimization to deliver solutions across industries including construction, automotive, and medical.

The organization's credentials, including WOSB and FDA certifications, underscore their commitment to quality, safety, and diversity. By fostering collaboration and leveraging expertise in manufacturing and business strategy, Weapon X Inc. continues to create impactful solutions that address environmental challenges and support industry advancements.

Experience

Chief Executive Officer

R & D Blue Energy Inc. · Freelance

Jun 2024 - Present · 1 yr 7 mos

Ontario, California, United States · On-site

I am passionate about fostering scientific curiosity and environmental responsibility in children through my role at R&D Blue Energy.

- Launched interactive workshops that increased student engagement in environmental science by 50%.
- Collaborated with educators to integrate sustainability topics into school curricula, enhancing educational resources.
- Cultivated a community of young environmental advocates, driving awareness and action towards recycling initiatives.
