Jeff Berwick in collusion with ECI Development promoting and selling properties for ECI Development. This video was scrubbed from the Internet but I saved it before that.

Video was replaced with the one in the link below conveniently which lacks much of the promotion. Possibly to hide evidence? ECI has done this before with some of my past videos saved which are now gone from the internet.

I have also recorded the connection to Jeff Berwick who is advertising and promoting ARRR Pirate Chain coin, which as noted in reddit print in attached below evidence, is tied to Binance and TradeOgre as the only exchanges which offers the coin. Please note that BINANCE coin is what is missing out of my Crypto.com account (BNB Binance Coin) for investigation WBF2805134594-851.

Both exchanges have locked people out of trading, as they have done with my Kaspera coin before I transferred it to Crypto.com, and then also having done with my BNB Binance coin stolen from my Crypto.com account.

This means Berwick / ECI is linked to TradeOgre, Binance promotion via ARR coin, and Crypto.com via my Binance BNB coin, in all my issues. I found out about TradeOgre through Jeff Berwick's videos, however, that video seems to be altered or scrubbed as well. That said, there is still evidence of an undeniable link between Jeff Berwick, and ARRR / BNB coin and ECI.

Ironically, or not so ironically, Pirate Chain also available on Binance, which is now the coin (BNB Binance coin) which has been defrauded from my Crypto.com account.

A video of Jeff Berwick walking next to Bela advertising ECI Development property is also now missing and scrubbed from the internet. I have not saved that one unfortunately.
