 Global Fraud Alert 

I've just released a full investigative report exposing what I allege is a coordinated international fraud scheme involving ECI Development and Gran Pacifica in Nicaragua.

This isn't just about broken promises—it's about illegal securities sales, hidden Trust ownership, infrastructure sabotage, and national security violations.

Homes built by innocent investors are being absorbed into a concealed Trust. Governments are being bypassed. Communities are being drained.

Dear [Journalist Name],

I'm reaching out to share a breaking investigative report that exposes what I allege is a global fraud and racketeering scheme involving ECI Development and the Gran Pacifica resort in Nicaragua.

The report includes evidence of:

- Illegal sale of unregistered securities to Canadian and U.S. citizens
- Trust-based property manipulation that bypasses Nicaraguan national security laws
- Infrastructure sabotage and psychological coercion used to push homeowners out
- Financial misconduct within HOA/HPR structures
- Global replication of this model in Canada and other nations

I've compiled a full timeline, legal brief, media fact sheet, and supporting documents—all available at

www.globalscandals.com.

I'd be honored to speak with you or provide exclusive access to the full report. This story affects homeowners, governments, and communities worldwide.

Thank you for your time and consideration.

Sincerely,

Mark Lepore
